Dear Dr. _____

On behalf of the NASA Exoplanet Exploration Program (ExEP) I have reviewed the infrastructure needs of your proposal in support of the NASA ROSES NNH09ZDA001N-TDEM solicitation. Based on the statement of work you provided, I determined that a total of ___ FTEs in FY'10 and ___ FTE in FY'11 will be required to perform the tasks using ExEP infrastructure workforce at JPL. The following procurements will be required to accommodate your demonstrations in our existing facilities: _____. We also commit to allocate ___ months of access in FY'10 and ___ months in FY'11 in the ExEP ___ facility to perform the requested demonstrations should your proposal be selected. We will perform the tasks on a best effort basis.

The total cost of the ExEP Infrastructure support for your proposal will be provided separately to NASA Headquarters.

Sincerely,

Dr. Marie Levine
Technology Resources Manager
